In the event of a costly water bill caused by high water usage due to a qualifying leak or line break, Northwest Regional Water District's leak loss protection program covers the costly utility bill once the active cause of the leak has been repaired.

All eligible Northwest Regional Water District customers are automatically enrolled in our optional Water Leak Loss Protection Program and charges will appear on your utility bill. Call us at 866-397-0419 to decline protection and accept full responsibility for all excess water charges caused by a water leak.

## Line Protection Program†

Line repair or replacement can be costly. Help guard your home's water line with coverage from HomeServe that provides for repair of covered cracks or breaks on the service lines that run from your property boundary to the water meter or main shut-off valve.

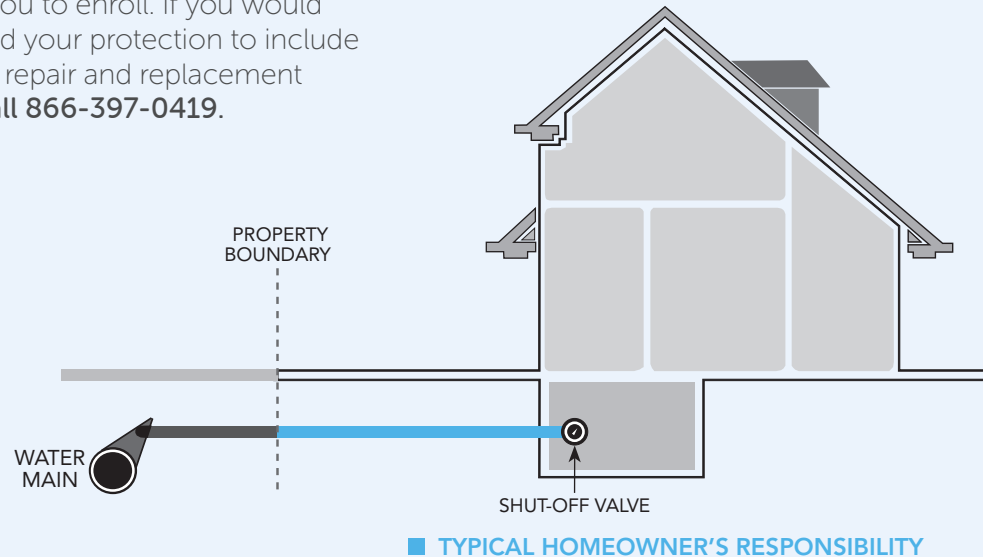

You are responsible for costs associated with water service line failures on your property, and everything from erosion to soil acidity to outdated practices for installing pipe can lead to issues far sooner than expected. To get your infrastructure up and running again in the event of a water line crack or break, we encourage you to enroll. If you would like to expand your protection to include *optional* line repair and replacement coverage, call 866-397-0419.

## Exterior Water Service Line Coverage

Helps protect you from expensive bills for repairs to the line that runs from the property boundary to the meter or shut-off valve.

Price: \$5.99 per month

Exterior Water Service Line Coverage: The water service line beyond the property boundary may be an additional responsibility of the homeowner, but is not included in this coverage.
